

# Nitro PDF Pro 14

## Activation Guide

Provided by IT Guy • itguy.pk

## Before You Begin — Download the Installer

---

Please download and install this specific version of Nitro PDF Pro 14 before proceeding:

 **Download Link:** [nitro\\_pro14.exe \(v14.42.0.34\)](#)

 **Note:** You can update Nitro PDF Pro to a newer version after completing activation.

## Activation Steps

---

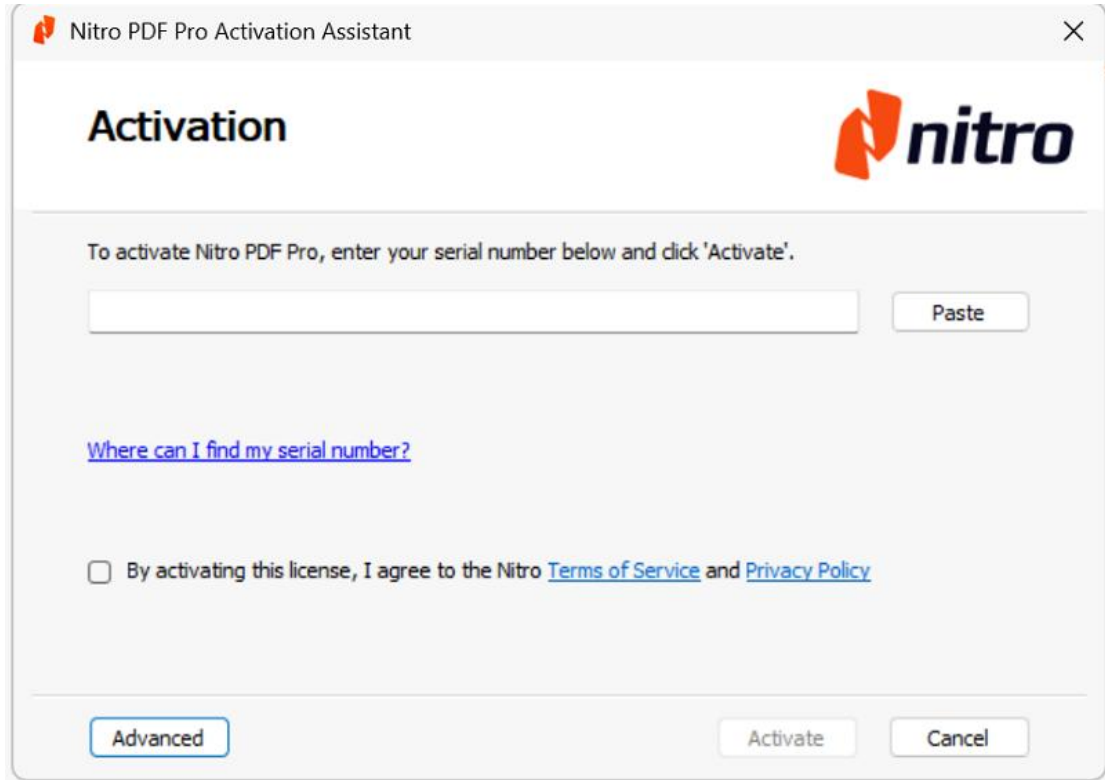

### Step 1 Open Nitro PDF Pro 14 and Click "Activate Now"

After completing the installation, launch Nitro PDF Pro 14. When prompted, click the Activate Now button to begin the activation process.

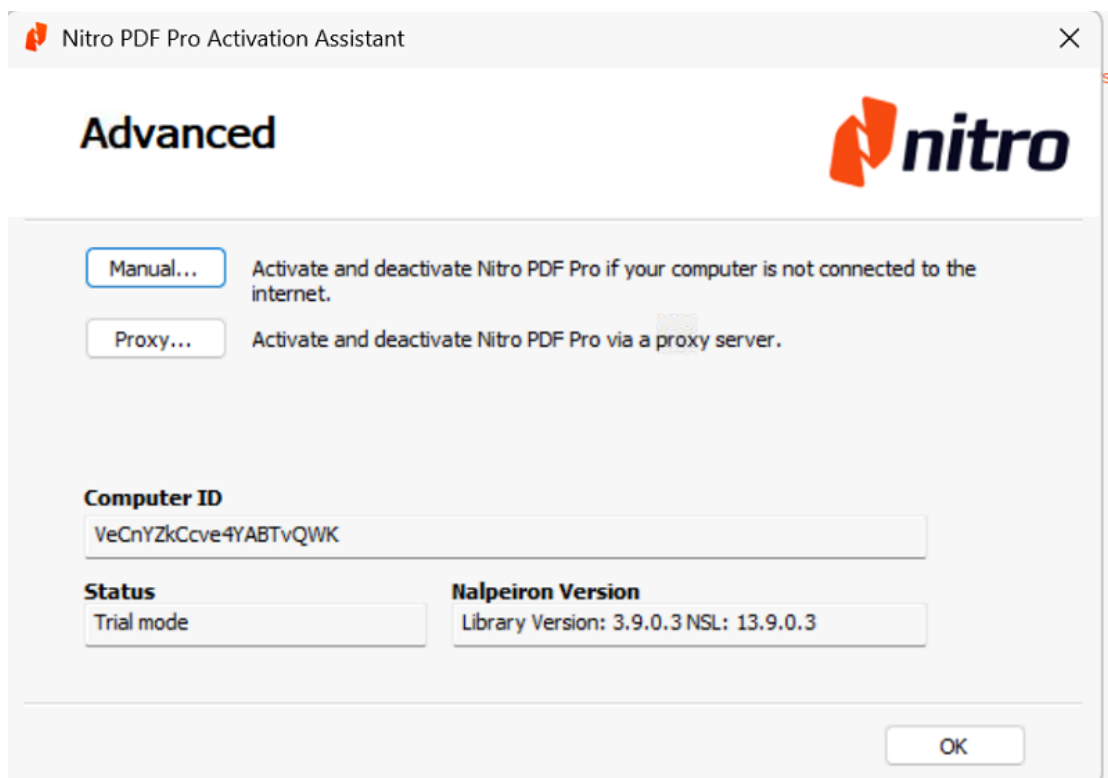

### Step 2 Click "Advanced"

On the activation screen, click the Advanced button to access the manual activation options.

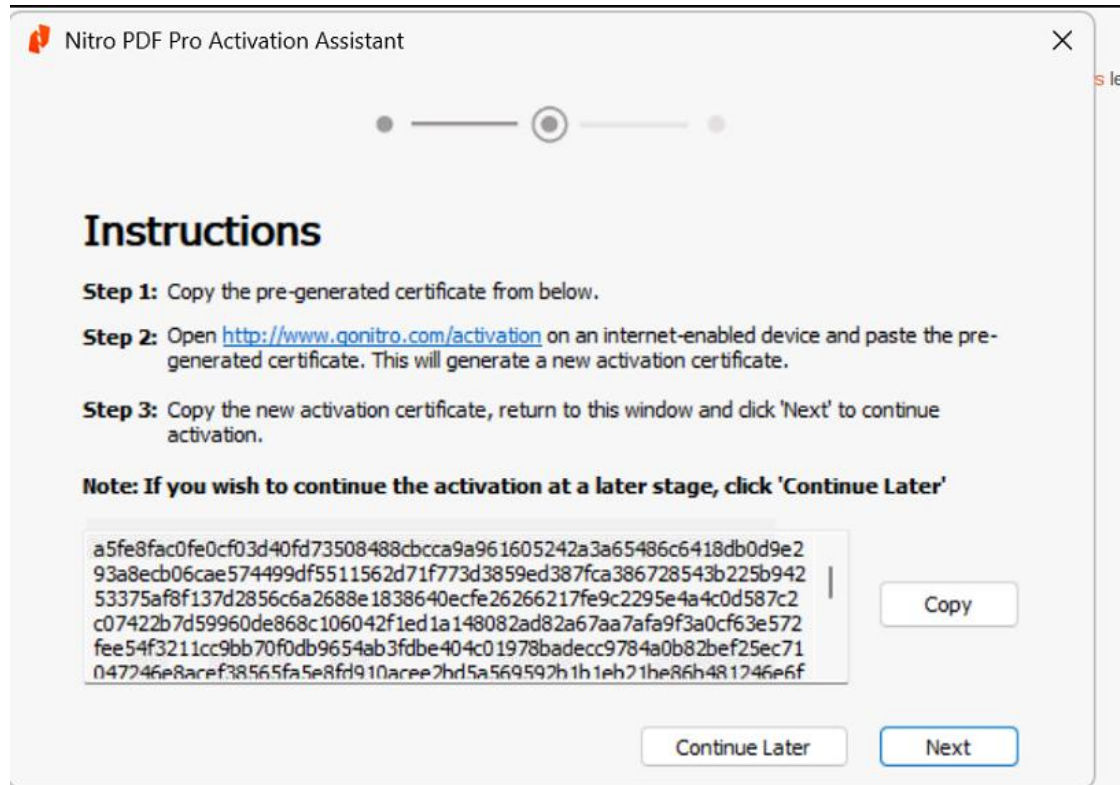

### Step 3 Select "Manual" Activation

From the advanced options, select Manual to generate a unique activation request code for your machine.

## Step 4 Enter the License Key Received from IT Guy

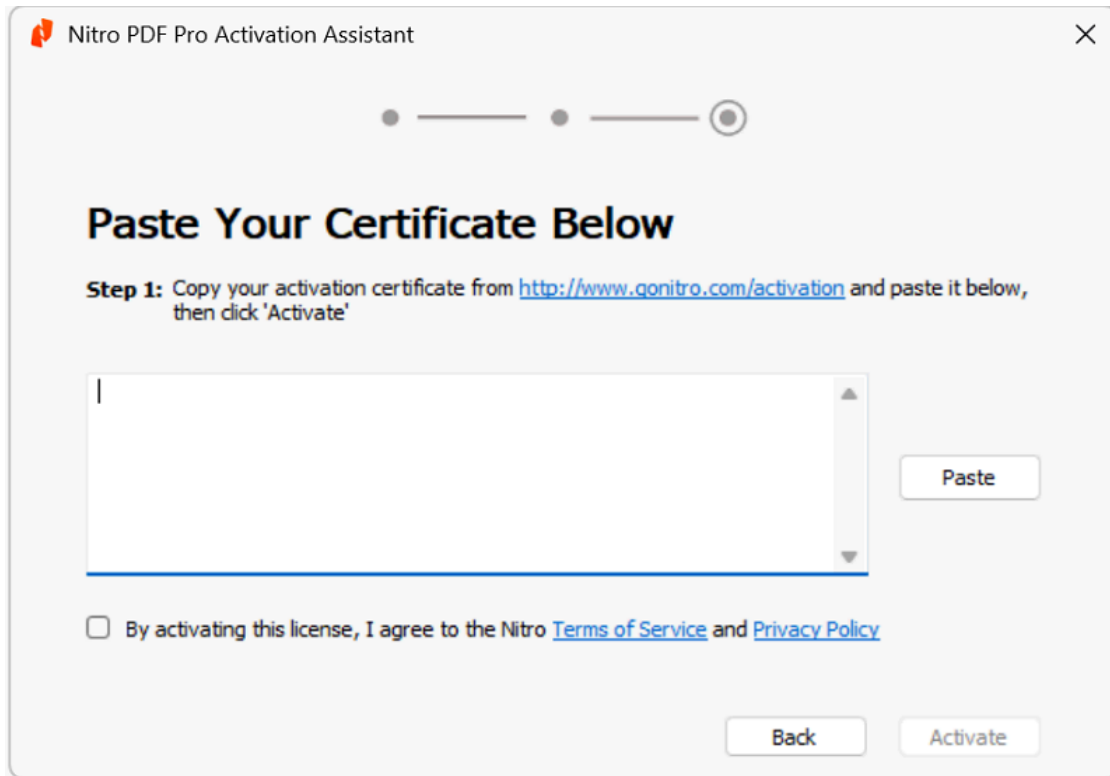

You will be prompted to enter your license key. Type or paste the key you received from IT Guy into the field, then click Next. A unique activation request code will then be generated for your machine.

## Step 5 Copy the Request Code and Send It to IT Guy

After entering the key, a unique request code will appear on screen. Follow the steps below:

- Click the **Copy** button to copy the request code.
- Open **Notepad** on your computer.
- Paste the code into Notepad (Ctrl + V).
- Save the Notepad file (Ctrl + S).
- Send the saved file to **IT Guy via WhatsApp**.

## Step 6 Enter the Certificate Code and Activate

Once IT Guy sends you the certificate code, follow these final steps to complete activation:

- Copy the certificate code sent by IT Guy.
- Click **Next** in Nitro, then paste the certificate code into the field provided.
- Review and accept the Terms of Service.
- Click **Activate**.

**Your Nitro PDF Pro 14 has been successfully activated! You may now update the software to the latest version if desired.**

---
